

Backgrounder

The Community Health Center of the New River Valley is a comprehensive healthcare center providing family medical care, dental care and behavioral healthcare. We serve all individuals including those with Medicaid, Medicare, and commercial insurance. We also serve those who are uninsured. Uninsured individuals pay on a sliding fee scale based on household size and income.

No one is denied services due to an inability to pay.

In addition to our Christiansburg location, the Community Health Center also provides the same services at a location in Pearisburg in Giles County.

For more information about us, please visit our website at www.CHCNRV.org.
